People For Nuclear Disarmament (PND) is an organization dedicated to eliminating the threat of nuclear war. As a group we have been active in Australia since 1960 and have a significant presence in the world's disarmament movement.

PND's objective is to inspire, and mobilise public opinion in support of disarmament and peace with the necessary safeguards assured by international agreements.

Feel free to browse this website and to contact us.

We are looking for more help and we would welcome you if you want to get involved.
